

Charlotte Spronk

Perseverance, stress-resistant, team spirit, pro-active

The well-known words of Colin Powell's "A dream doesn't become reality through magic, it takes sweat, determination and hard work" drives me to aim for the best. I like to think of team as together each achieves more'. To lift each project to a higher level I strongly believe in a close, transparent bond with each director, crewmember and client. It gives me a thrill to tackle new, unique challenges.

Things that make me happy

Traveling the world, sailing, rock & roll dancing, finding the best restaurants in town, freshly baked bread.
